

question is on the third reading of the bill.

The bill (H.R. 1552) was ordered to a third reading and was read the third time.

The PRESIDING OFFICER. The bill having been read the third time, the question is on the passage of the bill.

The bill (H.R. 1552) was passed.

Mr. MCCAIN. Mr. President, I move to reconsider the vote, and I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. MCCAIN. Mr. President, I appreciate the debate. I appreciate the efforts made on both sides of this very difficult issue. The closeness of it really dictates that we do sit down and work something out on this issue with Senator DORGAN, Senator KERRY, Senator ALLEN—all of those with whom we have met in numerous, countless hours on this issue. It is very clear we need to come to some kind of agreement rather than go through moratorium after moratorium.

Mrs. BOXER. Mr. President, the Senate is not in order.

The PRESIDING OFFICER. The Senator will come to order.

The Senator from Arizona.

Mr. MCCAIN. Mr. President, I conclude by saying I think we should begin meetings as soon as possible so we can resolve this issue so there is a reasonable resolution. I know the proponents of this amendment which was just defeated spent great labor and effort on it. I congratulate them for their arguments. I look forward to working with them. This is an issue that needs to be resolved.

I yield the floor.

The PRESIDING OFFICER. The Senator from Massachusetts.

Mr. KERRY. Mr. President, I say to the distinguished Senator from Arizona, we spent a lot of hours working through this with Senator ENZI, Senator DORGAN, Senator MCCAIN, myself, and many others. This was a very difficult vote for many of us. We do not support any tax on the Internet itself. We don't support access taxes. We don't support discriminatory taxes. Many of us would like to see a permanent moratorium on all of those kinds of taxes.

At the same time, a lot of us were caught in a place where we thought it important to send the message that we have to get back to the table in order to come to a consensus as to how we equalize the economic playing field in the United States in a way that is fair.

I hope the Senator from Arizona will follow up with us, so we can come back to that table to do what is sensible and fair. I look forward to the chance to do that.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, before the Senator from Massachusetts leaves, I want him to know, as the original Senate sponsor, I want to redouble my efforts to work with him and Senator ENZI and all of our colleagues. We may be able to see that there is a technological fix here that is going to make it possible to collect taxes owed.

There is a lot of good will on both sides. This is by no means the end of the issue. I am very pleased the Senator from Massachusetts is ending this discussion in a conciliatory way because we are going to have to stay at it. He has my pledge as the original sponsor of this effort to do it.

The PRESIDING OFFICER. The Senator from Massachusetts.

Mr. KERRY. Mr. President, as an original author and cosponsor of the moratorium, which I believe in, I appreciate the comments. I had hoped, and in many ways thought this was not ripe for this vote, but I think it was important for us to have gone through the process. I look forward to seeing if we can come up with a sensible resolution.

I thank the Chair.

The PRESIDING OFFICER. The Senator from Wyoming.

Mr. ENZI. I thank my colleagues, who have just spoken, for their comments, for the effort they put forth. I thank all the people for allowing the debate that happened. That had to be done by unanimous consent.

Now we know our work is cut out for us. Two years ago we passed a moratorium. Tonight we passed a moratorium. Hopefully before 2 years is up we will have done something that will solve the problem. I appreciate the commitment of the chairman of the Commerce Committee to make that happen. I am sure all the people who are involved in this issue will be extremely happy that some work will be done on it. The hearings will be held. The consensus will be arrived at because it is necessary for our cities, towns, counties, and States.

I yield the floor.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. MCCAIN. Mr. President, I have been involved in a number of issues in my time here. I know of no two people who have worked harder on an issue than the Senator from Wyoming and the Senator from North Dakota.

That renews my commitment to try as hard as I can to come to an agreement because they deserve an all-out effort on an issue on which we are fundamentally in agreement.

I thank the Chair. I thank my colleagues.

I yield the floor.

Mr. STEVENS. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. DASCHLE. Mr. President, I ask unanimous consent the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. DASCHLE. Mr. President, I thank all of those Senators who were involved in the array of legislative items that we have taken up today. This has been quite a busy day, with a lot of coordination and a tremendous amount of work. I think we have accomplished a good deal today.

I also report that the Commerce Committee has completed its work. I compliment the chair and ranking member of the Commerce Committee for their work on the aviation security bill. We will be addressing that bill a little later.

LEGISLATIVE SESSION

The PRESIDING OFFICER. Under the previous order, the Senate will now return to legislative session.

UNANIMOUS CONSENT AGREEMENT—CONFERENCE REPORT ACCOMPANYING S. 1447

Mr. DASCHLE. Mr. President, I ask unanimous consent that the majority leader, following consultation with the Republican leader, may proceed to the conference report to accompany S. 1447, the Aviation Security Act; that it be considered under the following limitations: 90 minutes for debate, with the time equally divided and controlled between the chairman and ranking member of the Commerce Committee or their designees; that upon the use or yielding back of time, the conference report be adopted, and the motion to reconsider be laid upon the table, with no further intervening action or debate.

Mr. BURNS. Reserving the right to object, and I will not object, is that S. 1447?

Mr. DASCHLE. That is correct.

Mr. BURNS. Reserving the right to object, and I will not object, there are some of us who did not and will not sign the conference report. I will make my statement this evening, but we have not seen the bill and will not see it until the morning. I think it is asking a little bit of those of us who have a responsibility to the aviation industry and the security of this country to not see that legislation before it passes. We understand there are some dogs and cats in there and some things to which we cannot agree.

So I want to put myself on record that I will oppose this piece of legislation, but I will not hold it up.

I thank the leader.

Mr. DASCHLE. I thank the Senator from Montana.

Mr. MCCAIN. If the majority leader will yield to me for a second, I can inform the Senator from Montana that I understand his concerns. A copy of the bill is available at this time in room SD-512.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

Mr. DASCHLE. Mr. President, with that understanding, I inform all Senators there will be no more rollcall votes tonight, nor do we anticipate now that there will be any rollcall votes tomorrow.

We have a number of other matters we will take into account during wrap-up. I will begin with one, and there will be others that will be addressed. All the matters, of course, in wrap-up will be offered in consultation with the Republican leader and have his consent.

HOMESTAKE MINE CONVEYANCE ACT OF 2001

Mr. DASCHLE. Mr. President, I ask unanimous consent that the Environment and Public Works Committee be discharged from further consideration of S. 1389, and the Senate proceed to its consideration.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1389) to provide for the conveyance of certain real property in South Dakota to the State of South Dakota with indemnification by the United States Government, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

AMENDMENT NO. 2161

(Purpose: To provide a complete substitute)

Mr. DASCHLE. Mr. President, I have an amendment at the desk, and I ask unanimous consent that the amendment be considered and agreed to, and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 2161) was agreed to.

(The text of the amendment is printed in today's RECORD under "Amendments Submitted.")

Mr. DASCHLE. Mr. President, I am delighted that the Senate has approved a modified version of S. 1389, the Homestake Mine Conveyance Act of 2001.

This important legislation will enable the construction of a new, world-class scientific research facility deep in the Homestake Mine in Lead, SD. Not only will this facility create an opportunity for critical breakthroughs in physics and other fields, it will provide unprecedented new economic and educational opportunities for South Dakota.

Just over a year ago, the Homestake Mining Company announced that it intended to close its 125-year-old gold mine in Lead, SD, at the end of 2001. This historic mine has been a central part of the economy of the Black Hills for over a century, and the closure of the mine was expected to present a significant economic blow to the community.

In the wake of this announcement, you can imagine the surprise of South Dakotans to discover that a committee of prominent scientists viewed the closure of the mine as an unprecedented new opportunity to establish a National Underground Science Laboratory in the United States. Because of the extraordinary depth of the mine and its extensive existing infrastructure, they found that the mine would be an ideal location for research into neutrinos, tiny particles that can only be detected deep underground where thousands of feet of rock block out other cosmic radiation.
